Installation Instruction

Smart Outdoor Plug

STEP 1

Open the clamp(s) on the bottom of the smart device and lift up the waterproof cover, insert plug(s) into the socket(s) of the device.

Plug the device into a GFCI-protected receptacle with sockets facing downwards. Secure the plug with provided clamp and screw.

STEP 3

Keep the device at least 12 inches (1ft) from the ground. Keep the waterproof cover close when in use.

FCC COMPLIANCE STATEMENT

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This product must be installed and operated with a minimum distance of 20 cm between the radiator and user body. Contains Transmitter Module FCC ID: 2ANDL-CBU.

Note: The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- -Reorient or relocate the receiving antenna.
- -Increase the separation between the equipment and receiver.
- -Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

ISED Canada Compliance Statement

This device contains license-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's license exempt RSS(s). Operation is subject to the following two conditions:

(1) This device may not cause interference.

(2) This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

1) L'appareil ne doit pas produire de brouillage;

 L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Radiation Exposure Statement

This equipment complies with RSS-102 radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

Déclaration d'exposition aux radiations:

Cet équipement est conforme aux limites d'exposition aux rayonnements CNR-102 établies pour un environnement non contrôlé. Cet équipement doit être installé et utilisé avec un minimum de 20 cm de distance entre la source de rayonnement et votre corps.

CAN RSS-247/CNR-247

WARNINGS AND CAUTIONS

Risk of Electric Shock - Disconnect power supply before servicing. To reduce the risk of electric shock, this product is equipped with a cord having grounding type plug. This plug must be plugged into an outlet that is properly installed and grounded. Contact a qualified electrician to install a proper outlet if doubt exists as to whether the product is properly grounded. Do not change the plug in any way.

AVERTISSEMENTS ET MISES EN GARDE

Risque de choc électrique - Débranchez l'alimentation électrique avant l'entretien.

Pour réduire le risque d'électrocution, ce produit est équipé d'un cordon doté d'une fiche de mise à la terre. Cette fiche doit être branchée dans une prise correctement installée et mise à la terre. Contactez un électricien qualifié pour installer une prise appropriée en cas de doute quant à la bonne mise à la terre du produit. Ne modifiez en aucun cas la fiche.

ONE YEAR LIMITED WARRANTY

The warranty gives you specific rights and you may also have other rights, which vary in different states and countries. Our company warrants to the original consumer purchase that this product is free of defects in materials and workmanship for 1 year from the purchase date. This warranty does not cover labor for removal or reinstallation of the product and is void on any product installed improperly or in an improper environment, overloaded, misused, opened, abused, or altered in any manner. Our company excludes incidental or consequential damages for breach of any warranty on this product. Some jurisdictions may not allow limitations on how long an implied warranty lasts or the exclusion or limitation of incidental or consequential damages, so the above exclusions or limitations may not apply to you.
