

SMART IN-WALL OUTLET

FEATURES

- Experience seamless integration in the majority of wall boxes with ultra-thin design. Enjoy instant ON/OFF control of individual outlet, easily observed through respective LED indicators. Neutral Wire is required.
- Control from anywhere: Monitor your appliance status. Turn electronics on and off from anywhere with your smartphone using the ELEGRP HOME App, whether you are at home, in the office or on vacation.
- Voice control: Enjoy the hands-free convenience of controlling the appliances in your home with your voice via Amazon Alexa or Google Assistant; perfect for times when your hands are full or entering a dark room.
- Create schedules (timer or countdown) to automatically turn on and off the appliances based on everyday routines or to simulate occupancy while you are on vacation to trick potential intruders.
- Provide comprehensive power monitoring based on your appliance's power usage, helping you to understand and optimize energy usage with detailed insights. (Only for RRR00)
